Protect us and guide us every where that we go

Good tidings and blessings just a flow

He never fail we no  
Watch the seeds weh you saw

Jah give us the power to cross evil empire  
From day to day we risin' up higher  
Natural connection dem just can't devour  
Blessin' it a flow righteousness it a shower  
Unity's strenght but dem fighting for power  
One perfect love is my only desire  
Truth overcome and surpasses di liar  
Derajah from Jamaica with Mystical Faya

We pray, Jah will give us strenght  
Yes along the way, never go astray, I say  
I ask him to keep and guide  
All of I and I, yes along the way, I pray, I say, wooohh, lalala....

It's time to forgive dem,

We nah give up, solid as a rock, ooh yeah

Well dem, I and I say, empathize and build dem,  
Don't kill dem all, coing our route, haile selassie I no doubt I tell dem up up up...

I and I humble man,  
We'll never tumble down  
Jah light is shining bright over us yeah...  
Brighter days, yes it a watse us,  
Words sound and power it a take us, take us there, please beware , I and I tell
